

YAZEED BAFAQIH

Software Engineering Student

yazied1425@gmail.com | +966547705588 | Saudi Arabia | LinkedIn | GitHub

SUMMARY

Software Engineering student with **project leadership** and **research experience**. Led TechPath, **full-stack** React application with **Claude AI integration**. Conducted **user research** for Sanadk, **77-person** study **validating** accessibility gaps. Contributed to AI/code generation research VidToCode: **36** curated tutorials across **4** languages. Lead teams managing **20+** people with focus on execution and systems thinking.

EDUCATION

Bachelor of Software Engineering
University of Jeddah | Jeddah, Saudi Arabia
Expected Graduation: 2027

EXPERIENCE

- | | |
|---|-------------------|
| Electronic Games and Virtual Reality Club
Project Management Lead <ul style="list-style-type: none">Delivered 2 workshops (VR & Figma) to 16+ members; 90%+ task completion. | 09/2025 – Present |
| Drone Club
Project Management Co-Lead <ul style="list-style-type: none">Managed 20+ members across 20–50 person workshops and 3-day events; 100% accountability. | 09/2025 – Present |
| Google Developer Groups on Campus UJ
Project Management Member <ul style="list-style-type: none">Coordinated logistics and QA documentation for 2 workshops. | 11/2025 – Present |

SKILLS

Programming: Java, Python, C++, SQL, JavaScript
Web: HTML5, CSS3, React.js, Tailwind CSS, Responsive Design
Tools: Git, GitHub, VS Code, Figma
Soft Skills: Leadership, Communication, Team Collaboration
Concepts: REST APIs, Agile/Scrum, UX/UI Design, User Research
Research: Data analysis, Prototyping, Research Methodology

PROJECTS

- | | |
|--|-------------------|
| TechPath Full Stack Web Application Project Lead 
React.js, JavaScript, Tailwind CSS, Claude API <ul style="list-style-type: none">Built responsive UI with dynamic routing and state management.Integrated Claude API to generate personalized learning roadmaps. | 04/2026 – 05/2026 |
| Sanadk Accessibility App UX/UI Design 
Figma, Google Forms, User Research, Prototyping <ul style="list-style-type: none">Conducted user research with 77 participants; finding: 85% don't use assistive apps design problem, not tech problem.Created high-fidelity Figma prototypes for voice-first interface based on research insights. | 02/2026 – 05/2026 |
| VidToCode - AI/Code Generation Research 
Research Team of 4 Python, Java, C++, JavaScript <ul style="list-style-type: none">Curated 36 YouTube tutorials across 4 languages; implemented preprocessing pipeline cleaning, segmentation, annotation.Designed evaluation framework using CodeSim and CodeBLEU metrics. | 01/2026 – 05/2026 |

LANGUAGES

Arabic – Native/Bilingual

English – Proficient
